Business Report

(From April 1, 2014 to March 31, 2015)

I. Current Status of the Group

(1) Business Performance for the Fiscal Year Ended March 31, 2015

(i) Business Progress and Results

During the consolidated fiscal year under review, the Japanese economy remained on a modest recovery path overall, despite the effects of the consumption tax hike in certain areas.

In the machine tool industry, the domestic market maintained the moderate upward momentum seen the previous fiscal year. The U.S. and European markets both remained strong, and the Chinese market also generally staged a modest recovery, driven by EMS associated with smartphones.

In this environment, both net sales and income at TSUGAMI Corporation (the "Company") and its affiliates (the "Group") rose year on year, primarily reflecting sales of products for the IT products industry and the contribution of new products for automobiles.

Consolidated net sales for the fiscal year under review increased 68.0% year on year, to 54,132 million yen. Consolidated net sales in Japan increased 32.0% year on year, to 9,712 million yen. Consolidated exports increased 78.6% year on year, to 44,419 million yen. The export ratio increased from 77.2% for the previous fiscal year, to 82.1%.

A breakdown of consolidated net sales by machinery category shows that sales of mainstay Automatic lathes increased 71.0% year on year, to 44,150 million yen, sales of Grinding machines rose 1.1%, to 3,222 million yen, sales of Machining centers rose 1.9%, to 1,536 million yen, and sales of Rolling machines and other specialized machines rose 257.1%, to 4,914 million yen.

Consolidated operating income increased 512.4% year on year, to 7,253 million yen. Consolidated ordinary income increased 300.8% year on year, to 7,745 million yen and consolidated net income increased 1,439.0% year on year, to 5,297 million yen for the fiscal year under review.

(ii) Capital Investments Activities

Major facilities acquired during the fiscal year under review are as follows:

| Nagaoka Factory | Additional installation of equipment for producing machine tools |
|--|--|
| PRECISION TSUGAMI (CHINA) CORPORATION | Additional installation of equipment for producing machine tools |

Total investments amounted to 1,725 million yen, funded through the Company's own funds.

(iii) Financing Activities

The Group did not issue any bonds or shares to raise funds in the fiscal year under review.

c. Outline of the details of contracts for the limitation of liability

In accordance with the provisions provided in Paragraph 1 of Article 427 of the Company Law, the Company has concluded contracts with outside directors and outside auditors that limit liability of the outside directors and outside auditors for damages as stipulated in Paragraph 1 of Article 423 of the Company Law.

The maximum amount of liability for damages based on the above contracts is the minimum liability amount set forth in the laws and ordinances.

(4) Status of Independent Auditor

(i) Name of the independent auditor: Ernst & Young ShinNihon LLC

(ii) Amount of Compensation

| | Amount to be paid |
|--|-------------------|
| Compensation to be paid to independent auditors for the fiscal year under review | 33 million yen |
| The total amount of cash and other assets to be paid by the Company and subsidiaries to independent auditors | 34 million yen |

- Notes
- 1. The auditing contract between the Company and the independent auditor makes no distinction between auditing services based on the Company Law and auditing services based on the Financial Instruments and Exchange Law. Since no real distinction can be made in practice, the amount of compensation to be paid for the fiscal year under review represents the total amount.
- 2. The Company pays compensation to independent auditors for their work in assisting with the IPOs of our subsidiaries in China, which falls under work other than that defined in Paragraph 1, Article 2 of the Certified Public Accountants Act.
- 3. Financial statements of PRECISION TSUGAMI (CHINA) CORPORATION is audited by a certified public accountant, not the independent auditor.

(iii) Policy concerning decisions to dismiss or not to reappoint independent auditors

The Company's Board of Statutory Auditors will determine the details of a proposal concerning the dismissal or non-reappointment of an independent auditor for submission to the shareholders meeting when the Board of Statutory Auditors deems this necessary, for example, when execution of duties by the relevant independent auditor is disrupted. The Board of Statutory Auditors may dismiss an independent auditor based on its unanimous approval, when items stipulated in the items of Paragraph 1 of Article 340 of the Company Law are deemed to be applicable to the relevant independent auditor. In this case, the Statutory Auditor elected by the Board of Statutory Auditors will present details and reasons for the dismissal of the independent auditor at the first annual shareholders meeting held after the dismissal.

The Board of Directors will ask the Board of Statutory Auditors to include the dismissal or non-reappointment of the independent auditor in the agenda of the shareholders meeting when the Board of Directors deems this necessary, for example, when execution of duties by the relevant independent auditor is disrupted, and, if the Board of Statutory Auditors judges this request appropriate, it will determine the details of a proposal for submission to the shareholders meeting.

(Note) With the enactment of the Act for Partial Revision of the Company Law (Act No. 90 of 2014) on May 1, 2015, the decision-making body for proposals concerning the dismissal and non-reappointment of independent auditors changed from the Board of Directors to the Board of Statutory Auditors.

(iv) Outline of the details of contracts for the limitation of liability There are no contracts in question.

(5) Systems for Ensuring the Appropriate Implementation of Operations

The Company has been developing systems (internal control systems) to ensure the appropriateness of operations and the reliability of financial reports in its effort to achieve sustainable growth in corporate value.

The Company's Board of Directors has adopted basic policies of internal control systems as follows:

- (i) Systems for ensuring the execution of the duties of directors and employees are in compliance with laws and ordinances and the Articles of Incorporation
 - a. Given that compliance is one of its key management issues, the Board of Directors shall establish the Tsugami Group Code of Conduct and develop a compliance policy to ensure that the Company operates based on sound social practices.
 - b. The Company shall establish a "whistle-blowing system," an internal reporting system through which activities that apparently violate the laws and ordinances, the Articles of Incorporation, any other internal rules, or social norms carried out by directors or employees are reported. Whistle blowers shall be protected.
 - c. The Company shall have an Audit Office, an organization under the direct control of the president, and shall conduct internal audits of compliance.
- (ii) Systems for the storage and management of information concerning directors' execution of duties

 The Company shall appropriately maintain and manage the minutes of the Board of Directors, approval
 documents, documents associated with the directors' executions of their duties, and other related information in
 accordance with internal rules, such as the document management rules and information security management
 rules.
- (iii) Rules and systems concerning risk management

To manage the diverse risks associated with its business activities, and to prevent such risks from materializing, the Company shall have a risk management committee through which it will collect and analyze information about risks to identify any indications that risks are emerging at an early stage. The Company shall also establish a risk management system by developing rules and manuals so that it can promptly and accurately respond to the situation if risks have materialized.

(iv) Systems for securing efficiency of directors' execution of duties

The Company shall hold regular meetings of the Board of Directors every month, and ensure that it makes important decisions on items that are stipulated in the Board of Directors Rules or that come under the criteria for deliberation at meetings of the Board of Directors, through discussions at meetings of the Board of Directors. In addition, the Company shall hold monthly corporate management meetings to share management information, through which it considers and makes flexible decisions on issues related to important operations in its effort to achieve management efficiency.

- (v) Systems for ensuring the appropriate implementation of the operations by the Group, consisting of the Company and its subsidiaries
 - a. With respect to compliance, the Tsugami Group Code of Conduct also applies to the Company's subsidiaries.
 - b. Representatives of subsidiaries shall attend monthly corporate management meetings to enable consideration of internal control between the Company and the subsidiaries, and shall ensure the appropriate execution of their operations by sharing information.
 - c. The internal audit division (the Audit Office) shall confirm that the subsidiaries operate in compliance with laws and ordinances, internal rules, and other rules for compliance.

(vi) Systems for accommodating statutory auditors' requests for assistant employees and the independence of said employees from directors

When requested to do so by statutory auditors, the Company may assign employees to assist statutory auditors. In this case, to ensure the independence of assistant employees from directors, the appointment of assistant employees shall be determined after holding detailed discussions with the Board of Statutory Auditors. The assistant employees shall not concurrently engage in the execution of business operations.

(vii) Systems for reporting by directors and employees to statutory auditors, and other systems associated with reporting to statutory auditors

Directors and employees shall report the following items to statutory auditors:

- a. Matters associated with facts identified as important facts that will significantly impact on the Company
- b. Matters associated with facts identified as activities that violate or are likely to violate the laws and ordinances or the Articles of Incorporation
- c. Results of internal audit conducted by the internal audit division (the Audit Office)
- d. Management of the whistle-blowing system and the details of whistle-blowing

(viii) Other systems for securing the effectiveness of audit by statutory auditors

- a. Statutory auditors shall hold regular meetings with representative directors, and exchange views on important audit issues.
- b. Statutory auditors shall hold regular meetings with independent auditors, and exchange views and information, in addition to requesting independent auditors for their reports when necessary.
- c. Statutory auditors shall maintain close contact with the internal audit division (the Audit Office), and may request the internal audit division to carry out investigation when necessary.
- (ix) Systems for ensuring the reliability of financial reporting
 - a. To ensure the reliability of the Group's financial reporting and the effective and appropriate submission of the internal control reports that are stipulated in the Financial Instruments and Exchange Act, the Company shall develop an internal control reporting system.
 - b. To ensure consistency between the internal control system and the Financial Instruments and Exchange Act and other related laws and ordinances, the Company shall continuously evaluate the system and make the necessary corrections.
 - c. The internal audit division (the Audit Office) shall be responsible for monitoring and evaluating the implementation of this system, and for providing support for improving the implementation of the system.
- (x) Systems for getting rid of antisocial forces
 - a. The Company shall take a resolute stance against antisocial forces that threaten social order and healthy corporate activities.
 - b. The Company shall deal with undue claims of antisocial forces in cooperation with specialist outside institutions including the police, lawyers, and corporate defense councils.
- (Note) The foregoing is a description of the systems in operation during the fiscal year under review. However, with the enactment of the Act for Partial Revision of the Company Law (Act No. 90 of 2014) and the Cabinet Order on Revision of Ordinance for Enforcement of the Company Law (Ministry of Justice Order No. 6 of 2015) on May 1, 2015, the Company resolved at the meeting of the Board of Directors held on April 13, 2015 to partially revise the description of such systems.

The revised description uses more concrete and clear expressions to describe systems for ensuring the appropriate implementation of the Group's operations and systems for conducting audits, in line with a review of systems in light of the Group's actual situation and the amendments to laws and regulations, and the Company published details of the revised systems on the website of the Tokyo Stock Exchange and the Company's website.

Notes to Consolidated Financial Statements

1. Important Matters that Become Basis of Presenting Consolidated Financial Statements

- (1) Scope of consolidation
 - (i) State of consolidated subsidiaries

- Number of consolidated subsidiaries: 7

- Names of major consolidated subsidiaries: TSUGAMI MACHINERY CO., LTD.

TSUGAMI GENERAL SERVICE CO., LTD.

PRECISION TSUGAMI (CHINA) CORPORATION Shinagawa Precision Machinery (Zhejiang) Co., Ltd.

TSUGAMI KOREA Co., Ltd.

Precision Tsugami (China) Corporation Limited

Precision Tsugami (Hong Kong) Limited

- (ii) State of non-consolidated subsidiaries
 - Names of major non-consolidated subsidiaries:

TSUGAMI (THAI) CO., LTD.

TSUGAMI GmbH

TSUGAMI PRECISION ENGINEERING INDIA PRIVATE

LIMITED

TSUGAMI TECH SOLUTIONS INDIA PRIVATE LIMITED

TSUGAMI Universal Pte. Ltd.

- Reason for non-consolidation The non-consolidated subsidiaries are small in size, and their

total assets, sales, net income or loss (amounts to equivalent to

the equity holding) and retained earnings (amounts to equivalent to the equity holding) do not have significant material effect on the consolidated financial statements.

- (2) Application of equity method
 - (i) State of non-consolidated subsidiaries and affiliates to which the equity method is applicable
 - Number of non-consolidated subsidiaries and affiliates to which the equity method is applicable: 0
 - (ii) State of non-consolidated subsidiaries and affiliates to which the equity method is not applicable
 - Names of major companies: TSUGAMI (THAI) CO., LTD.

TSUGAMI GmbH

TSUGAMI PRECISION ENGINEERING INDIA PRIVATE

LIMITED

TSUGAMI TECH SOLUTIONS INDIA PRIVATE LIMITED

TSUGAMI Universal Pte. Ltd.

REM SALES LLC

- Reason for not applying the equity method: These non-consolidated subsidiaries and affiliates are excluded

from the scope of equity method application because their exclusion produces minor effects on consolidated financial statements and has no significance in light of their respective net income or net loss (amount corresponding to equity),

retained earnings and other items.

(3) Matters concerning fiscal year of consolidated subsidiaries, etc.

Among the consolidated subsidiaries, the balance sheet date of PRECISION TSUGAMI (CHINA) CORPORATION, Shinagawa Precision Machinery (Zhejiang) Co., Ltd. and Precision Tsugami (Hong Kong) Limited are December 31. In preparing the consolidated financial statements, financial statements based on provisional calculations made as of the consolidated closing date were utilized in connection with this company.

- (4) Matters concerning significant accounting policies
- (i) Valuation standard and valuation method of major assets
- a. Other securities

- Securities with fair market value: Market value method based on the quoted market value on the closing

date of the fiscal year (Valuation differences are directly charged or credited to shareholders' equity, and the cost of securities sold is

calculated using the moving-average method.)

- Securities without fair market value:

Cost accounting method using the moving average method

b. Derivatives: Stated at market valuec. Valuation standard and valuation method for inventories

Primarily cost accounting method using the moving average method (The values in the consolidated balance sheet were calculated using

the book-value write-down method based on the decline of

profitability.).

(ii) Depreciation and amortization methods used for material depreciable and amortizable assets

a. Property, plant and equipment (excluding leased assets)

The Company and its domestic consolidated subsidiaries adopt the declining-balance method. The Company's foreign consolidated subsidiaries use the straight-line method.

The buildings acquired by the Company or its domestic consolidated subsidiaries after April 1, 1998, excluding fittings and equipment, are

depreciated on a straight-line basis.

The significant service lives are summarized as follows:
Buildings and structures: 15-38 years
Machinery, equipment and vehicles: 9 years

b. Intangible fixed assets (excluding leased assets)

- Software for internal use Such assets are amortized using the straight-line method based on the

effective period of internal use (five years).

c. Leased assets

- Leased assets pertaining to finance lease transactions other than ownership transfers

Depreciation for leased assets is computed using the straight-line method over the lease terms as service life, assuming no residual value.

Among finance lease transactions other than those that are deemed to transfer the ownership of leased assets to lessees, the lease transactions whose start dates are prior to March 31, 2008, are accounted for by the method for ordinary lease transactions.

(iii) Accounting standards for major deferred assets

Stock issuance cost

This is amortized using the straight-line method (3 years).

(iv) Accounting standards for significant allowances

a. Allowance for doubtful accounts

To provide for a loss on doubtful accounts, general allowances are

provided using a rate determined by past experience with bad debts.

Specific allowances are provided for the estimated amounts considered to be uncollectible after reviewing the individual

collectibility of certain doubtful accounts.

b. Allowance for employees' bonuses To prepare for bonus payments to employees of the Company and its

consolidated subsidiaries in Japan, amounts that need to be paid in the

consolidated fiscal year under review are provided as estimates.

c. Allowance for directors' retirement benefits

Certain of the Company's consolidated subsidiaries recorded an allowance for retirement benefits for directors equivalent to the amount payable in accordance with their rules for directors' retirement benefits.

d. Allowance for product warranties

To provide for expenses for repair cost that arise in the after-sales freerepair warranty period, the Company accrues repair expenses using an amount projected based on the past ratio of repairs.

(v) Standards for translating significant assets or liabilities in foreign currencies into yen

Monetary assets and liabilities denominated in foreign currencies are translated into yen at spot exchange rates at the consolidated closing date. Translation adjustments are accounted for as gains or losses. Assets, liabilities, revenues, and expenses at overseas subsidiaries are translated into yen at spot exchange rates at the consolidated closing date. Translation adjustments are included in "Translation adjustments" in net assets.

(vi) Significant hedge accounting method

Hedge accounting method Deferred hedge accounting is applied. If hedges against exchange

fluctuation risks meet requirements for the appropriation method, the

appropriation method is applied.

Hedging instruments and hedged items The hedging instruments and hedged items to which hedge accounting

was applied during the consolidated fiscal year under review are as

follows:

Hedging instruments: exchange contracts Hedged items: foreign currency receivables

Hedging policy The Group carries out hedging within the scope of the target trade

accounts receivable to avoid exchange fluctuation risks and lock in

earnings.

Method for assessing hedging effectiveness:

An assessment of hedging effectiveness is omitted because the hedging instrument and an important requirement for the hedged item are the same and hedging is assumed to completely offset market fluctuations at the point of its launch and in the subsequent period.

(vii) Other important matters for the preparation of consolidated financial statements

a. Accounting standards for Net defined benefit liability

For net defined benefit liability, the amount that is obtained by subtracting pension assets from retirement benefit obligations is provided on the basis of estimated amounts at the end of the consolidated fiscal year under review to prepare for retirement benefits paid to employees of the Company.

Any difference arising as a result of the change of accounting standards is expensed equally, mainly over 15 years.

Also, any actuarial difference is expensed equally from the fiscal year following its accrual over the average remaining service period (5 years) of employees at the time of the accrual using the straight-line method. Any unrecognized actuarial difference is posted in remeasurements of defined benefit plans in accumulated other comprehensive income under net assets, after making an adjustment for tax effect.

b. Accounting method for consumption taxes

The tax-exclusion method is used for the calculation of consumption tax and local consumption tax.

(5) Changes in accounting policy

(Application of Accounting Policies for Retirement Benefits)

We have reviewed the method for calculating retirement benefit obligations and service costs and have changed the method for allocating expected retirement benefits to periods from a fixed-amount method to a projected benefit method and the discount rate from a discount rate based on a number of years approximating to the employees' average remaining service years to a single weighted average discount rate reflecting the estimated periods of benefit payments and amounts for each estimated period by applying the provisions set forth in the text of Paragraph 35 of the Accounting Standard for Retirement Benefits (ASBJ Statement No. 26 on May 17, 2012. Hereinafter the "Accounting Standard for Retirement Benefits") and in the text of Paragraph 67 of the Guidance on Accounting Standard for Retirement Benefits (ASBJ Guidance No. 25 on March 26, 2015. Hereinafter the "Guidance on Accounting Standard for Retirement Benefits") from the consolidated fiscal year under review.

The application of the Accounting Standard for Retirement Benefits, etc. follows the transitional treatment set forth in Paragraph 37 of the Accounting Standard for Retirement Benefits, and we have made an adjustment for the amount affected by the change in the method for calculating retirement benefit obligations and service costs to retained earnings at the beginning of the consolidated fiscal year under review.

As a result, the net defined benefit liability declined 168 million yen, and retained earnings rose 108 million yen at the beginning of the consolidated fiscal year under review. The effect on operating income, ordinary income and income before income taxes and other adjustments in the consolidated fiscal year under review is minor. The effect on net assets per share, net income per share and net income per share after residual equity adjustment is minor.

2. Notes to Consolidated Balance Sheets

(1) Amounts rounded down to the nearest one million yen.

(2) Aggregated depreciation for tangible fixed assets
 (3) Amount of discount for bills receivable
 Amount of discount for export bills receivable
 2,269 million yen

(4) The amount of an allowance for doubtful accounts that is directly deducted from assets Investments and other assets 1 million yen

4. Notes on Financial Instruments

(1) Situation of financial instruments

The Group raises funds needed for the execution of operations in Japan and overseas by borrowing from banks and other means.

The Group mitigates the credit risks of customers related to trade notes and accounts receivable under its credit management regulations. Investment securities are primarily shares, and the Group obtains information on the market values of listed shares quarterly.

Short-term borrowings are used for operating funds.

Derivatives trading involves exchange forward contracts as hedges within the scope of the target trade notes and accounts receivable in foreign currencies and trade notes and accounts payable in foreign currencies to avoid exchange fluctuation risks and lock in earnings.

(2) Market values of financial instruments

The table below shows the consolidated balance sheet amounts and market values of financial instruments and the differences between them as of March 31, 2015. (Million yen)

| | | -, | | (====================================== |
|-------|-------------------------------------|---|------------------|---|

^(*) The figures in parentheses are posted in liabilities.

Notes 1. Methods to calculate the market values of financial instruments and matters relating to securities and derivatives trading

- (i) Cash and deposits and (ii) Trade notes and accounts receivable
 - These are settled within the short term, and their market values are almost equal to their book values. The book values are therefore deemed to be the market values.
- (iii) Investment securities, Other securities

The market values of shares are share prices on the stock exchange.

- (iv) Trade notes and accounts payable and (v) Short-term borrowings

 These are settled within the short term, and their market values are almost equal to their book values. The book values are therefore deemed to be the market values.
- (vi) Derivatives trading Not applicable.
- 2. Unlisted shares (consolidated balance sheet amount: 1 million yen) do not have market prices, its future cash flows cannot be estimated, and it is very difficult to estimate their market values. The Company therefore does not include it in "Investment securities, Other securities."

Notes to Non-Consolidated Financial Statements

1. Matters Concerning Significant Accounting Policies

(1) Valuation standard and valuation method for assets

(i) Shares in subsidiaries and affiliates: Cost accounting method using the moving average method

(ii) Other securities:

- Securities with fair market value: Market value method based on the quoted market value on the closing

date of the fiscal year (Valuation differences are directly charged or credited to shareholders' equity, and the cost of securities sold is

calculated using the moving-average method.)

- Securities without fair market value: Cost accounting method using the moving average method

(iii) Derivatives: Stated at market value

(iv) Valuation standard and valuation method for inventories

Primarily cost accounting method using the moving average method (The values in the balance sheet were calculated using the book-value write-down method based on the decline of profitability.).

(2) Depreciation method for fixed assets

(i) Property, plant and equipment (excluding leased assets)

Depreciation is principally computed by the declining-balance method. However, buildings acquired on or after April 1, 1998, excluding fittings and equipment, are depreciated on a straight-line basis.

The significant service lives are summarized as follows:

Buildings: 15 to 38 years
Machinery and equipment: 9 years
Tools, furniture and fixtures 5 years

(ii) Intangible fixed assets (excluding leased assets)

- Software for internal use Such assets are amortized using the straight-line method based on the

effective period of internal use (five years).

(iii) Leased assets

- Leased assets pertaining to finance lease transactions other than ownership transfers

Depreciation for leased assets is computed using the straight-line method over the lease terms as service life, assuming no residual value.

Among finance lease transactions other than those that are deemed to transfer the ownership of leased assets to lessees, the lease transactions whose start dates are prior to March 31, 2008, are accounted for by the method for ordinary lease transactions.

(3) Deferred assets

Stock issuance cost This is amortized using the straight-line method (3 years).

(4) Accounting standards for allowances

(i) Allowance for doubtful accounts
To provide for a loss on doubtful accounts, general allowances are

provided using a rate determined by past experience with bad debts. Specific allowances are provided for the estimated amounts considered to be uncollectible after reviewing the individual collectibility of

certain doubtful accounts.

(ii) Allowance for employees' bonuses

To prepare for bonus payments to employees, an amount that needs to

be paid in the fiscal year under review are provided as an estimate.

(iii) Allowance for retirement benefits To prepare for retirement benefits payment to employees, the

allowance is provided on the basis of amounts of retirement benefit obligations and pension assets estimated at the end of the fiscal year

under review.

In addition, any difference arising as a result of the change of accounting standards (2,086 million yen) is expensed equally, mainly over 15 years. Also, any actuarial difference is expensed equally from the fiscal year following its accrual over the average remaining service period (5 years) of employees at the time of the accrual using the straight-line method.

(iv) Allowance for product warranties

To provide for expenses for repair cost that arise in the after-sales freerepair warranty period, the Company accrues repair expenses using an amount projected based on the past ratio of repairs.

(5) Significant hedge accounting method

Hedge accounting method

Deferred hedge accounting is applied. If hedges against exchange fluctuation risks meet requirements for the appropriation method, the appropriation method is applied.

Hedging instruments and hedged items. The hedging instruments and hedged items to which hedge accounting was applied during the fiscal year under review are as follows:

Hedging instruments: exchange contracts

Hedged items: foreign currency receivables and payables

Hedging policy The Group carries out hedging within the scope of the target trade

accounts receivable and trade accounts payable to avoid exchange

fluctuation risks and lock in earnings.

Method for assessing hedging effectiveness:

An assessment of hedging effectiveness is omitted because the hedging instrument and an important requirement for the hedged item are the same and hedging is assumed to completely offset market fluctuations at the point of its launch and in the subsequent period.

(6) Other matters that form the basis for the preparation of financial statements Accounting method for consumption taxes

> The tax-exclusion method is used for the calculation of consumption tax and local consumption tax.

(7) Changes in Accounting Policy

(Application of Accounting Policies for Retirement Benefits)

We have reviewed the method for calculating retirement benefit obligations and service costs and have changed the method for allocating expected retirement benefits to periods from a fixed-amount method to a projected benefit method and the discount rate from a discount rate based on a number of years approximating to the employees' average remaining service years to a single weighted average discount rate reflecting the estimated periods of benefit payments and amounts for each estimated period by applying the provisions set forth in the Accounting Standard for Retirement Benefits (ASBJ Statement No. 26 on May 17, 2012. Hereinafter the "Accounting Standard for Retirement Benefits") and in the Guidance on Accounting Standard for Retirement Benefits (ASBJ Guidance No. 25 on March 26, 2015. Hereinafter the "Guidance on Accounting Standard for Retirement Benefits") from the fiscal year under review. The application of the Accounting Standard for Retirement Benefits, etc. follows the transitional treatment set forth in Paragraph 37 of the Accounting Standard for Retirement Benefits, and we have made an adjustment for the amount affected by the change in the method for calculating retirement benefit obligations and service costs to retained earnings at the beginning of the fiscal year under review. As a result, the net defined benefit liability declined 168 million yen, and retained earnings brought forward rose 108 million yen at the beginning of the fiscal year under review. The effect on operating income, ordinary income and income before taxes in the fiscal year under review is minor.

The effect on net assets per share, net income per share and net income per share after residual equity adjustment is minor.

4. Notes to Non-Consolidated Statements of Changes in Net Assets

(1) Matters relating to the number of treasury stock

| Share type | Number of shares at the beginning of the current fiscal year | Increase in shares in the fiscal year under review | Decrease in shares in the fiscal year under review | Number of shares at the end of the fiscal year under review |
|---------------|--|--|--|---|
| Common shares | 2,562 thousand | 3,128 thousand | 405 thousand | 5,285 thousand |

Note The increase in common shares of treasury stock of 3,128 thousand shares due to the purchase of 3,123 thousand shares on the Tokyo Stock Exchange, and the purchase of 5 thousand shares of odd-lot shares. The decrease in common shares of treasury stock of 405 thousand shares was due to the exercise of stock options.

5. Deferred Tax Accounting

The major causes for the generation of deferred tax assets are stock-based compensation expenses and the denial of reserve for retirement benefits, etc., while the major cause for the generation of deferred tax liabilities is unrealized gains on marketable securities.

Report by the Board of Statutory Auditors

Auditors' Report

The Board of Statutory Auditors (the "Board") hereby reports its audit findings as follows based on its deliberation of audit reports on the execution of duties by the Directors in the 112th fiscal year from April 1, 2014 to March 31, 2015 prepared by Statutory Auditors.

1. Methods and Contents of the Audit by Statutory Auditors and the Board

The Board established the audit policy, allocation of duties and the like, received reports from Statutory Auditors on the state of audit execution and results, received reports from Directors and Independent Auditors on the state of execution concerning their duties, and requested explanations as needed. The Statutory Auditors communicated with Directors, internal audit division members, other employees and other sources to prepare conditions for information gathering and audits in compliance with the audit criteria set by the Board and in accordance with the audit policy, allocated duties and the like. At the same time, the Statutory Auditors attended Board of Directors and other important meetings, received reports from Directors, employees and other sources on the state of the execution of their duties, requested explanations as needed, viewed important documents on decisions, and studied the state of operations and assets at Tsugami Corporation (the "Company") and its principal offices. The Statutory Auditors also expressed their opinions about the content of Board of Directors resolutions on the establishment of organizations as prescribed in Paragraphs 1 and 3, Article 100 of the Enforcement Regulations for the Company Law as a requisite for a system that ensures the execution of duties by directors that are described in the Business Report in compliance with laws and the Articles of Incorporation and other proper operations of a joint stock company, and the state of a system (internal control system) established in accordance with the resolutions, based on regular reports from directors and employees about the state of the development and operation of the system and explanations that the Statutory Auditors requested as needed. With respect to subsidiaries, the Statutory Auditors sought to communicate and exchange information with their Directors and Statutory Auditors, and received from subsidiaries reports on their operations as needed. Based on the aforementioned methods, the Statutory Auditors examined business reports and their supporting schedules for the fiscal year under review. Further, the Statutory Auditors monitored and verified independence maintenance and proper audit execution by Independent Auditors, received reports from the Independent Auditors on the state of the execution of their duties, and requested explanations as needed. In addition, the Statutory Auditors received a notice from the Independent Auditors, stating that they were developing the "system for ensuring proper duty execution" (items prescribed in respective paragraphs of Article 131 of the Corporate Calculation Regulations) in accordance with "Quality Control Standards for Auditing" (Business Accounting Council Standard issued on October 28, 2005) and the like, and requested explanations as needed.

Based on the aforementioned methods, the Statutory Auditors examined the Company's non-consolidated financial statements (non-consolidated balance sheets, non-consolidated statements of income, non-consolidated statements of changes in net assets, and notes to non-consolidated financial statements), their supporting schedules, and the Company's consolidated financial statements (consolidated balance sheets, consolidated statements of income, consolidated statements of changes in net assets, and notes to consolidated financial statements) for the fiscal year under review.

2. Results of the Audit

Item 1: Partial Amendments to the Articles of Incorporation

1. Reason for amendments

The "Act for Partial Revision of the Company Law of Japan", which came into force on May 1, 2015, newly recognizes the signing of limited liability agreements with Directors who have no involvement with the execution of business, etc. and Statutory Auditors who are not Outside Statutory Auditors. In accordance with these changes, the Company proposes to make the following amendments to parts of Article 27 and Article 35 of the current Articles of Incorporation to enable these Directors and Statutory Auditors also to perform their expected roles fully. Note that approval has been received from each Audit and Supervisory Board Member for this item's proposal to amend Article 27 of the current Articles of Incorporation.

2. Details of amendments

The details of the proposed amendments are as follows. (The underlined portions indicate the proposed amendments.)

Notes 1. Mr. Takeo Nakagawa, Mr. Shigeru Nishiyama and Mr. Kunio Shimada are candidates for the position of outside directors.

- 2. The Company has notified the Tokyo Stock Exchange of the appointment of Mr. Takeo Nakagawa and Mr. Kunio Shimada as independent directors.
- 3. The Company requests the appointment of Mr. Takeo Nakagawa, Mr. Shigeru Nishiyama and Mr. Kunio Shimada as its outside directors based on its assessment that they possess deep insight and experience in general, and can advise the Company's management from a broad perspective.
- 4. Mr. Takeo Nakagawa concurrently holds the position of Director and CEO of Fine Tech Corporation. The Company has sold products, etc. (amounting to 9 million yen in the fiscal year ended March 31, 2015) to Fine Tech Corporation, but these sales are insignificant, accounting for less than 0.1% of the Group's annual consolidated net sales, and the Company believes that these transactions have no impact on Mr. Takeo Nakagawa's independence and that Mr. Takeo Nakagawa is capable of executing the duties of outside and independent director appropriately. Mr. Shigeru Nishiyama served as Director of Sumitomo Mitsui Financial Group, Inc. (the financial holding company of Sumitomo Mitsui Banking Corporation) until June 2008. The Sumitomo Mitsui Financial Group, Inc. is one of the Company's main financial institutions. No special interest exists between the Company and each of the other candidates for the position of Director.
- 5. The Company has executed an agreement with Mr. Takeo Nakagawa, Mr. Shigeru Nishiyama and Mr. Kunio Shimada on the limitation of liability for damages as provided for under the provisions of Paragraph 1, Article 423 of the Companies Act according to the provisions of Paragraph 1, Article 427 thereof. When Mr. Nakagawa, Mr. Nishiyama and Mr. Shimada are reappointed as Directors, the Company will execute an agreement with these three Directors on the limitation of

- liability for damages as provided for under the provisions of Paragraph 1, Article 423 of the Companies Act according to the Articles of Incorporation of the Company and the provisions of Paragraph 1, Article 427 of the Companies Act. In addition, the limited amount of liability for damages under the said agreement shall be the minimum liability stipulated under laws.
- 6. Although Mr. Takeo Nakagawa, Shigeru Nishiyama and Mr. Kunio Shimada are currently outside directors of the Company, their term of office as outside director is seven years for Mr. Takeo Nakagawa, two year for Mr. Shigeru Nishiyama and four years for Mr. Kunio Shimada at the close of this annual shareholders meeting.

Item 3: Appointment of One Statutory Auditor

Auditor Mr. Ryuichi Kimura shall retire from his position at the close of this annual shareholders meeting due to the expiration of his term of office. We therefore propose the appointment of another statutory auditor.

We have secured the consent of the Board of Statutory Auditors to this item in advance.

The one candidate for the position of statutory auditor is as follows:

| Name (Date of birth) | Career sum Company (in | Number of shares in the Company held | |
|-------------------------|---------------------------|--|---|
| | April 1983 | Joined TOKYO SEIMITSU CO., LTD. | |
| | April 2002 | Executive Officer of the Metrology Company and Leader of Multi-purpose measuring Group of TOKYO SEIMITSU CO., LTD. | |
| Hitoshi Yoshida | April 2005 | Managing Executive Officer of the Metrology Company of TOKYO SEIMITSU CO., LTD. | |
| (November 26, | June 2005 | Director of TOKYO SEIMITSU CO., LTD. | 0 |
| 1960) | October 2007 | President of the Metrology Company of TOKYO SEIMITSU CO., LTD. | |
| | June 2011 | Representative Director of TOKYO SEIMITSU CO., LTD. | |
| | April 2015 | President and CEO of TOKYO SEIMITSU CO., LTD. (current position) | |

- Note 1. No special interest exists between the Company and the candidate nominated above.
 - 2. Mr. Hitoshi Yoshida is candidate for the position of outside director.
 - 3. The Company requests the appointment of candidate Mr. Hitoshi Yoshida as its outside statutory auditor based on its assessment that he will be able to audit the business execution of the directors of the Company fairly and objectively, taking advantage of his deep insight and considerable work experience.
 - 4. When the appointment of Mr. Hitoshi Yoshida as Statutory Auditor is approved, the Company will execute an agreement with Mr. Yoshida regarding the limitation of liability for damages as provided for under the provisions of Paragraph 1, Article 423 of the Companies Act according to the Articles of Incorporation of the Company and the provisions of Paragraph 1, Article 427 of the Companies Act. In addition, the limited amount of liability for damages under the said agreement shall be the minimum liability stipulated under laws.

Item 4: Delegation of the decision about the offering of subscription rights to shares as stock options for a stock-linked compensation plan to the Board of Directors with conditions particularly favorable to executive officers of the Company and employees with similar positions

Under the provisions of Articles 236, 238, and 239 of the Company Law, we request the shareholders to approve the delegation of the decision about the offering of subscription rights to shares as stock options for a stock-linked compensation plan to the Board of Directors in conditions particularly favorable to the executive officers of the Company and employees with similar positions.

- 1. Reason for offering of the subscription rights to shares for subscription under especially favorable conditions
 - The Company has been granting subscription rights to shares as stock options for a stock-linked compensation plan. The grants were designed to establish a closer link between the Company's stock prices and results and the officers and employees so that they share with shareholders not only benefits from high stock prices, but also the risks of low stock prices, bolstering their morale and enthusiasm for improving business results.
- 2. The outline and the numerical limit of the subscription rights to shares whose offering terms may be determined based on the resolution made at the above general meeting of shareholders scheduled
 - (1) The numerical limit of the subscription rights to shares, the offering terms of which may be determined based on the above delegation
 - The maximum number of the subscription rights to shares as described in below (3) shall be 110. The total number of the Company's shares that are issued in exchange of the exercise of the subscription rights to shares shall be limited to a maximum of 110,000 shares of the Company's common stock. If the number of shares (as defined below) is adjusted in accordance with the provisions stipulated in (i), (3) below, the maximum number of shares shall be the number calculated by multiplying the number of shares after the adjustment by the maximum number of the above subscription rights to shares.
 - (2) No transfer of cash shall be required for the subscription rights to shares, the offering terms of which may be determined based on the above delegation
 - (3) The outline of the subscription rights to shares, the offering terms of which may be determined based on the above delegation
 - Type and the number of shares that are the object of the subscription rights to shares. The type of shares that are the object of the subscription rights to shares shall be common stocks of the Company. The number of shares for each subscription right to shares (the "Number of Granted Shares") shall be 1000 shares.
 - However, if a share-split (including a gratis allotment of common stocks of the Company; the same shall apply below regarding the descriptions of the share-split) or a reverse share-split is conducted for common stocks of the Company after the date of resolution at the above general meeting of shareholders (the "Resolution Date"), the Number of Granted Shares shall be adjusted by applying the following formula, with fractions of less than one share rounded down to the nearest one share:

Number of Granted Shares after adjustment = Number of Granted Shares before adjustment × Ratio of share-split / reverse share-split

In addition to the above case, if an adjustment of the Number of Granted Shares is considered to be necessary for unavoidable reasons, the Company shall carry out the adjustment deemed reasonable.

- (ii) Amount of assets contributed on exercise of the subscription rights to shares The amount of assets contributed upon exercise of each subscription right to shares is calculated by multiplying the paid-in value of 1 yen per share delivered upon exercise of each subscription right to shares by the Number of Granted Shares.
- (iii) Exercise period of the subscription rights to sharesWithin 20 years from the day following the allotment date of the subscription rights to shares
- (iv) Matters concerning the increase in capital and capital reserve when shares are issued upon exercise of the subscription rights to shares
- i. The amount of increase in capital when shares are issued with the exercise of the subscription rights to shares shall be one half of the maximum amount of increase in capital, etc., which is calculated in accordance with Paragraph 1 of Article 17 of the Corporate Calculation Regulation, and fractions of less than 1 yen shall be rounded up to the nearest 1 yen.
- ii. The amount of increase in the capital reserve when shares are issued upon exercise of the subscription rights to shares shall be the amount calculated by deducting the amount of capital to be increased as stated in the preceding paragraph i from the maximum amount of increase in capital, etc., as stated in the same paragraph i above.
- (v) Restriction on acquiring the subscription rights to shares by assignment Acquisition of the subscription rights to shares by assignment shall require approval by a resolution of the Board of Directors.
- (vi) Provisions concerning the acquisition of the subscription rights to shares
 If a proposal for a merger agreement in which the Company ceases to exist, or a proposal for a stock swap agreement or a stock transfer plan in which the Company will become a wholly owned subsidiary, is approved at a general meeting of shareholders of the Company, the Company may acquire the subscription rights to shares on the date stipulated separately by the Company's Board of Directors.
- (vii) Fractions of less than 1 share occurring on exercise of the subscription rights to shares If a fraction of less than 1 share to be delivered to the holder of the subscription rights to shares occurs upon exercise of the subscription rights to shares, it shall be rounded down to the nearest 1 share.
- (viii) Other conditions for exercise of the subscription rights to shares
- i. In principle, a holder of the subscription rights to shares may exercise the subscription rights to shares within the period described in Provision (iii) above, only when the holder no longer holds a position as the Company's director, corporate auditor, executive officer, and/or employee with a similar title. In this case, the holder may only exercise the subscription rights to shares within a period of seven days from the next day of the date when he/she loses the above titles.
- ii. Any other conditions associated with the exercise of the subscription rights to shares shall be determined by the resolution of a meeting of the Company's Board of Directors.
