#### (1) Business Results

#### [Overview of FY2020/3]

Revenue: 49.3 billion yen (down 28.0% YoY)

Revenue declined as shown above due to the impact of the COVID-19 coronavirus during the continued phase of adjustment to market conditions in Japan and overseas.

Profits: Operating profit: 4.5 billion yen (down 55.5% YoY), Profit attributable to owners of parent: 2.0 billion (down 67.7% YoY)

Profits declined as shown above due to a defect liability of about 0.3 billion (for the sale of Niigata Factory in March 2019) and foreign exchange losses of about 0.4 billion (for a subsidiary in India), in addition to the decrease in revenue.

#### [Outlook for FY2021/3]

While the phase of adjustment to market conditions is expected to continue in Japan and overseas, the outlook for FY2021/3 is as follows, considering the most recent trends in orders.
