Full-year operating results for FY2009

- Net sales:Revenues increased in the second half but fell 31% year on year on a full-year basis. This was the lowest in recent years (level of 8 years ago).
- Income: A net loss of 200 million yen was recorded despite efforts to reduce fixed costs.

Full-year projections for FY2010

- Net sales: Orders have recovered strongly from the end of last year, and sales are expected to match record levels.
- Income: A change in business structure (rising overseas production, increased sales of volume-zone products) may lead to a slight contraction of the profit margin.
